Three saplings for every tree cut: DM clarifies rules on Pirpainti Power Project

Bhagalpur, Oct 28 : Amid ongoing development work for the proposed power plant in Bihar's Bhagalpur district, concerns from local farmers have begun to surface, particularly over the removal of trees from government-acquired land in the Pirpainti area.

As preparations related to construction move forward, the district administration has sought to reassure residents that environmental rules and government regulations are being strictly followed.

Will not tolerate political intimidation, Punjab BJP warns AAP govt

Chandigarh, Oct 28 : Criticising the attack and unruly behaviour by AAP workers at BJP offices in Punjab, and accusing the police of acting under political pressure while facilitating hooliganism against party workers, BJP working chief Ashwani Sharma on Wednesday warned that they would not tolerate political intimidation or the misuse of police machinery. Accompanying state media head Vineet Joshi, Sharma launched a sharp attack on the Aam Aadmi Party government, accusing it of misusing state machinery, weakening democratic institutions, and attempting to divert public attention from corruption allegations against its leaders. Referring to the recent ED action in a money laundering case involving Cabinet minister Sanjeev Arora, the BJP working chief said whenever investigative agencies take action against AAP leaders, the party immediately "starts raising slogans that democracy and the Constitution are under threat". Sharma said that neither "Punjab nor democracy is in danger, but that the corrupt system of the AAP government is certainly under threat". He alleged that the government "is trying to create unrest and political confrontation to shield corruption and administrative failures".

Respect Constitution: Minister Bindu Krishnan to Kerala cleric on remarks about women

Thiruvananthapuram, Oct 28 : Kerala Labour Minister Bindu Krishnan on Wednesday criticised the now controversial remarks by Grand Mufti of India Sheikh Abubakr Ahmad, popularly known as Kanthapuram A.P. Sheikh Abubakr Ahmad, also known as Kanthapuram A.P. Aboobacker Musliyar, is regarded as one of the most senior and influential religious authorities of the Sunni Muslim community in India. "The Constitution treats everyone as equal. The President of the country herself is a woman. One can follow one's religious beliefs, but the Constitution must also be respected," Bindu Krishnan said, responding to Kanthapuram's remarks that women should remain confined to their homes and should not enter the public sphere.

India, Mexico formally launch preferential trade agreement negotiations

The government on Wednesday said India and Mexico have taken a decisive step towards a stronger economic partnership with the signing of the Terms of Reference (ToR) for a Preferential Trade Agreement (PTA) between the two nations. Commerce Secretary Rajesh Agrawal and Luis Rosendo Gutierrez Romano, Mexico's Undersecretary of Foreign Trade, formally launched the trade negotiations. "Our shared ambition: expand trade, unlock investment, strengthen supply chains and create new opportunities for businesses in both countries," the Department of Commerce said in a statement on X. India and Mexico are ready to turn untapped potential into tangible prosperity through balanced, ambitious and mutually beneficial negotiations, the statement added. The proposed India-Mexico trade agreement is expected to cover key Indian exports, including automobiles, textiles, footwear, plastics, steel, chemicals and toys, which face tariffs of up to 50 per cent under Mexico's new tariff regime. According to official trade data, India's merchandise exports to Mexico stood at $5.73 billion in 2025-26, with automobiles accounting for the largest share at $1.92 billion. The Commerce Secretary arrived in Mexico City for a two-day official visit to advance trade and economic ties. He held a fruitful discussion with Fernando Gonzalez Saiffe, Director General for Asia-Pacific, Secretaria de Relaciones Exteriores (SRE), on India-Mexico relations and opportunities to learn from each other through mutual cooperation, leveraging our respective strengths and advancements.

He appreciated Mexico's keen interest in strengthening political exchanges and reaffirmed India's shared commitment to mutual growth and prosperity. Agrawal highlighted the strong complementarities between the two economies, India's robust growth of around 7 per cent, and the vast untapped potential for trade, investment and business partnerships. The PTA offers an opportunity to unlock new avenues of economic cooperation, strengthen business linkages, and build bridges across the Pacific towards shared prosperity, he observed. The Commerce Secretary also engaged with Indian and Mexican business leaders to explore opportunities, address challenges and deepen trade and investment ties.

Crypto dispute emerges in foreign women gangrape case involving Pakistan Dy PM Ishaq Dar's relative

Islamabad, Oct 28 : Investigators in Pakistan probing the abduction and gangrape of two foreign women have begun examining a fresh line of investigation, as the suspicion is now centring on a possible cryptocurrency-related dispute behind the high-profile case, according to local media reports.

Muhammad Raza Dar, one of the principal accused, is a relative of Pakistan's Deputy Prime Minister and Foreign Minister Ishaq Dar. Some reports also suggest that Raza Dar is a grandson of Ishaq Dar.

The new development came after one of the survivors recorded her statement before a judicial magistrate as part of the ongoing investigation.

In her testimony, she alleged that Muhammad Raza Dar received $100,000 in exchange for securing her release.

According to a copy of the survivor's statement obtained by Pakistan-based ARY News, she told the magistrate that a group of armed men entered the house where she and her friend had been staying.

North Korea replaces Defence Minister with Kim Song-gi in military reshuffle

Seoul, Oct 28 : North Korea has replaced its defence minister in a reshuffle of senior military leadership, state media reported on Wednesday. Kim Song-gi, director of the General Political Bureau of the North's Korean People's Army, was appointed as the country's new defence minister, replacing No Kwang-chol, according to the North's Korean Central News Agency (KCNA). No was removed as defence minister and from the Party's central leadership and appointed first vice-director of the Munitions Industry Department of the Workers' Party of Korea (WPK) Central Committee. The reshuffle was decided at the second meeting of the ninth WPK Central Military Commission held the previous day, which was guided by leader Kim Jong-un, the report said. In the latest reshuffle, veteran military official Pak Jong-chon was appointed vice-chairman of the WPK Central Military Commission after being re-elected as a member of the Party's Central Committee and Politburo, reports Yonhap news agency. Pak returned to the forefront of the North's military leadership after stepping down from the Politburo and Party secretary posts and being dropped from the Central Military Commission's vice chairmanship in February. His removal at the time sparked speculation that he was stepping back from the front lines due to his age. The vice chairmanship is a key post overseeing the North's military policies. Leader Kim Jong-un chairs the commission. The meeting "discussed a series of structural reorganisation plans for the improvement and development of the future overall defence affairs," the KCNA said.

US Congressional hearing examines CIA's use of universities, hospitals, prisons

Washington, Oct 28 : A congressional hearing this week renewed scrutiny of the CIA's Cold War-era MKULTRA programme, with lawmakers and expert witnesses alleging that the agency secretly used universities, hospitals, prisons and other institutions across the United States to conduct mind-control experiments on unwitting human subjects while concealing the full extent of the programme for decades. The House Oversight and Accountability Committee's Task Force on the Declassification of Federal Secrets heard testimony from historian Stephen Kinzer and investigative journalist Tom O'Neill, who argued that key aspects of the CIA's programme remain hidden because many records were deliberately destroyed or remain heavily redacted.

Opening the hearing, Task Force Chair Anna Paulina Luna said Project MKULTRA "was not a policy failure or an overzealous programme that got out of hand." "It was a deliberate, systematic governmental operation that subjected American citizens, prisoners, hospital patients, veterans, ordinary people to LSD, electroshock, hypnosis, sensory deprivation, psychological torture without their knowledge or consent," she said.

Luna alleged that then-CIA Director Richard Helms ordered the destruction of MKULTRA files before leaving office in 1973, calling it "obstruction of justice" and "criminal destruction of federal records." She also disclosed that she and Representative Eric Burlison had recently visited CIA headquarters after learning that additional MKULTRA records had been discovered.

"The CIA is currently in the process of declassifying newly found documentation," Luna said, adding that the records relate to "a forgery programme that was being housed under MKULTRA."

Kinzer, author of Poisoner in Chief, testified that the programme extended across prisons, clinics and safe houses in the United States and overseas.

"In its search for ways to destroy a human mind and body, MKULTRA conducted the most extreme experiments on human beings that have ever been carried out by a US government agency," he said. "By any standard, they qualify as medical torture."

He said surviving records show that MKULTRA "comprised at least 149 subprojects" involving "more than 80 institutions" and "185 non-government researchers."

Kinzer urged Congress to seek the removal of remaining redactions from declassified files.

"Now 70 years have passed. That argument can no longer be valid," he said. "I would urge this committee to try to fill out all the blank spaces in the documents that we have."

O'Neill, author of Chaos, told lawmakers he believed previous congressional investigations had not been given a complete account of the programme.

"I believe Congress was never told the truth about what this programme actually achieved," he said. "I believe the agency misled Congress in 1977 when it characterised MKULTRA as a failure."

He testified that his research uncovered correspondence between psychiatrist Louis Jolyon West and Sidney Gottlieb, the CIA scientist who led MKULTRA, discussing experiments involving LSD, hypnosis and unwitting human subjects.

Acharya Prashant in dialogue with PETA Foundation President Mimi Bekhechi in London, says 'one who is violent towards animals will be violent towards all'

London, Oct 28 : PETA, the world's largest animal rights organisation, invited noted philosopher and author Acharya Prashant for a special dialogue at PETA's London office on Wednesday. The fireside conversation with PETA Foundation President Mimi Bekhechi, held before a packed audience, explored the philosophical foundations of animal consciousness, veganism, and non-violence. Acharya Prashant said that compassion is not a virtue to be taught, but the very nature of the human being, and the real question is who taught us violence. This was Acharya Prashant's fourth dialogue with PETA's senior leadership. He has earlier been in conversation with PETA co-founder Ingrid Newkirk and PETA's international president Poorva Joshipura, and held another extensive dialogue with Joshipura in London during this UK tour itself. Notably, PETA had honoured Acharya Prashant with its Most Influential Vegan of the Year award in 2022.

Opening the conversation, Bekhechi praised Acharya Prashant's book 'Is She Just Food to You', saying it addresses the central challenge of the animal rights movement: helping people see animals not as objects of consumption but as thinking, feeling beings.

Acharya Prashant said that a small child, on seeing a rabbit or a lamb, wants to play with it, not kill it. He asked, "Does the human being have to be taught compassion.

Andhra CM Naidu urges HM Shah to send Central team to assess damage caused by Cyclone Arnab

Amaravati, Oct 28 : Andhra Pradesh Chief Minister N. Chandrababu Naidu on Wednesday urged Union Minister Amit Shah to depute a Central team at the earliest to assess the damage caused by cyclone 'Arnab' in the state. The Chief Minister sent a letter hours after a severe cyclonic storm crossed the Andhra Pradesh coast. The Chief Minister highlighted damage to crops, houses, roads and electricity poles due to the cyclone's severity and urged the Centre to dispatch assessment teams at the earliest to evaluate cyclone damage. He wrote that 16 NDRF and 11 SDRF teams have been deployed across 14 districts for cyclone relief and rescue operations. More than 28,000 people shifted to rehabilitation centres in cyclone-affected areas.

The letter mentions that the state machinery had been on the field throughout the night. No loss of life has been reported so far due to the government's advance preparedness measures.

"Our preliminary assessment, which is still being verified, shows that the damage has been kept to the minimum possible. I am relieved to inform that no loss of human life has been reported so far," reads the letter.

The Chief Minister stated that Konaseema, Kakinada, East Godavari, West Godavari, Anakapalli and Krishna districts have been severely affected by the cyclone. Control rooms and the State Emergency Operations Centre have been functioning round the clock to manage the emergency. CM Naidu said that the government has been prioritising relief measures and restoration of electricity and drinking water supplies in affected areas.

He stated that a Comprehensive report on cyclone damage will be submitted to the Centre after a detailed assessment, and also urged the Centre to continue support from NDRF and other central agencies for relief and rehabilitation operations.

Awareness regarding the harmful effects of drug use must be raised through coordinated efforts : District Collector Garima Agrawal

District-level Narcotic Control meeting held at the Integrated District Offices Complex (IDOC) by the District Collector and Superintendent of Police (SP) Mahesh B. Githe

Rajanna Sircilla, Oct 28 : District Collector Garima Agrawal has directed officials from all departments to conduct extensive awareness programs—in a coordinated manner—regarding the adverse consequences and problems associated with drug use. On Wednesday, the District Collector, along with SP Mahesh B. Githe, held a district-level Narcotic Control meeting with officials from various departments at the Integrated District Offices Complex.

During the meeting, detailed discussions were held on several key issues, including: the NDPS (Narcotic Drugs and Psychotropic Substances) cases registered in the district; measures to prevent the cultivation of cannabis (ganja); strategies for controlling narcotic substances; specific initiatives to be undertaken by individual departments; the need for widespread public outreach regarding the dangers of drug abuse; and the medical services provided at de-addiction centers.

District Collector Garima Agrawal advised that every department participating in the district's narcotic control initiative should develop and implement a specific action plan. She further directed that the Police, Excise, and Health & Medical departments should work in coordination to organize awareness programs concerning the harmful impacts of drug and narcotic substance use. Instructions have been issued for food inspectors to conduct inspections at shops. The District Medical and Health Officer has been directed to identify individuals addicted to narcotics and ensure they receive necessary treatment and counseling, including referral to de-addiction centers. Officials from the Forest and Agriculture departments have been instructed to monitor forest lands under their jurisdiction and immediately inform the police if any cannabis cultivation is discovered. It was noted that regular awareness programs are being conducted.

CM Chandrababu Naidu calls on alliance leaders to work as a single team in local elections

Amaravati, October 28: Chief Minister Chandrababu Naidu held a teleconference with 45,000 leaders and party workers from the TDP, Janasena, and BJP. Speaking on the occasion, the Chief Minister stated that the three parties had entered the 2024 elections with the promise of 'good governance' (suparipalana). He noted that the public placed their trust in the alliance, delivering a historic victory for the NDA. He emphasized that the current administration is governing in alignment with the people's trust and is delivering the good governance that was promised.

They stated that the workers of the three parties worked in the general elections with a unified voice and a common path.

The Chief Minister remarked that even within a single party, various challenges often arise during election periods; naturally, when an alliance consists of three parties, such issues are to be expected. He urged the leaders to overcome these minor differences for the sake of the state. He called upon the three parties to function as a single, unified team for the local body elections, just as they had worked together during the general elections. He further stated that the heads of the respective parties have already met and reached a clear understanding regarding seat-sharing, and he instructed the alliance's workers to carry out their duties in alignment with this arrangement.

It was clarified that those who did not receive seats would be provided with opportunities through nominated posts or chairman positions. A call was made to support the candidates finalized by the NDA and to work towards their victory. It was further stated that running as rebels or independent candidates is not permitted, as such actions go against the principles of the alliance.

The Chief Minister criticized the 'Axe Party' (a reference to the YSRCP, whose election symbol is an axe) for filing 62 petitions—taking the matter all the way to the Supreme Court—in an attempt to stall the local body elections. He noted that the Supreme Court, however, did not agree to postpone the elections.

He further stated that the state is facing a severe impact from Cyclone 'Arnab' (likely referring to Cyclone Nivar/a similar weather system) and that he has briefed Union Minister Amit Shah on the situation.

Samsung, SK hynix's corporate tax tops $8.1 billion in H1 2026

Seoul, Oct 28 : Corporate taxes paid by Samsung Electronics Co. and SK hynix Inc. totalled a combined 11.2 trillion won ($8.1 billion) in the first half of this year amid the recent semiconductor supercycle, financial data showed on Wednesday.

Samsung Electronics paid 3.99 trillion won in corporate taxes and SK hynix paid 7.22 trillion won in the first half, according to data from the Repository of Korea's Corporate Filings, operated by the Financial Supervisory Service.

The two companies' combined corporate taxes jumped 167 percent from a year earlier, marking the second-highest first-half total on record, reports Yonhap news agency. The figure followed the record 15.63 trillion won they paid in the first half of 2019, based on their record-high profits during a memory chip boom in 2018. Generally, companies pay corporate taxes in March for the previous fiscal year that ends in December and in August for their interim first-half profits. Market watchers expect the two companies' corporate tax payments to increase further as Samsung Electronics and SK hynix posted first-half operating profits of 146.7 trillion won and 98.2 trillion won, respectively, compared with 11.4 trillion won and 16.7 trillion won the previous year.

NBBL's Bharat Connect forex transactions cross Rs 100 million in four months

New Delhi, Oct 28 : NPCI Bharat BillPay Limited said on Wednesday that forex transactions on its Bharat Connect platform surpassed Rs 100 million in value between April and July 2026.

The forex category, launched at the Global Fintech Fest 2025, processed Rs 27.06 million in FY26 and then handled Rs 111.91 million in the first four months of FY27, taking cumulative transactions to Rs 138.97 million, the statement from NBBL said.

The offering integrated NBBL's Bharat Connect platform with FX-Retail, developed by the Clearing Corporation of India Ltd. (CCIL) and provided customers with transparent, competitive forex pricing through an interoperable digital ecosystem.

Traditionally, forex purchases involve limited price visibility, dependence on specific banking or authorised dealer channels and offline or fragmented processes, while lack of transparency made it difficult for customers to compare rates and understand the total cost of a transaction. Bharat Connect addressed these challenges through an interoperable digital marketplace for forex services, supported by regulated banking partners.

The platform is also seeing a growing number of large-ticket transactions as live and transparent pricing enables customers to compare available rates and make meaningful savings on forex transactions, the statement added.

Bharat Connect is helping modernise forex purchases through an open, interoperable, and market-linked ecosystem with RBI's guidance and CCIL's FX-Retail underpinning transparent price discovery. Regulated forex providers and digital platforms were integrated into a common infrastructure, giving customers greater access, choice, and convenience. The ecosystem brought together leading banks and customer-facing platforms. "On the fulfilment side, participating billers include Axis Bank, Bank of Baroda, Federal Bank, HDFC Bank, ICICI Bank, Punjab National Bank, State Bank of India and YES Bank," the statement said. Customer-facing platforms include BHIM, Bank of Baroda, CRED, Federal Bank, MobiKwik, Punjab National Bank and State Bank of India, expanding the avenues through which customers can access forex services digitally.

Korean won falls nearly 6 pc against US dollar this year

Seoul, Oct 28 : The South Korean won has fallen nearly 6 per cent against the US dollar this year, central bank data showed on Wednesday, as foreign investors sold off more than 156 trillion won ($102.3 billion) worth of domestic stocks. The average exchange rate stood at 1,484.56 won per dollar during the first half of the year, according to the Bank of Korea's Economic Statistics System.

It marked the second-highest first-half average on record, behind 1,493.08 won in the first half of 1998 during the Asian financial crisis, reports Yonhap news agency. The exchange rate climbed above the 1,500-won level in March for the first time since the global financial crisis, following the outbreak of conflict in the Middle East. The broad weakness of the won this year has made it one of the worst-performing major currencies.

SEBI introduces new rules for equity F&O segment to boost transparency, stability

Mumbai, Oct 28 : The Securities and Exchange Board of India (SEBI) on Wednesday announced a new set of rules for the equity Futures and Options (F&O) segment.

These changes aim to improve transparency, control excessive speculation, and bring more stability to the market.

One of the major changes introduced by the SEBI is a new method for measuring open interest (OI) in the equity F&O segment.

Open interest refers to the total number of outstanding contracts in futures or options. The SEBI said it will now closely monitor the open interest levels during the day, especially for single stock futures and options, instead of waiting until the end of the day.

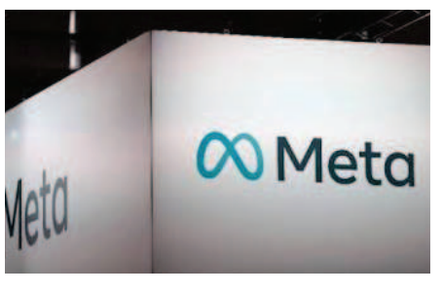

The capital market regulator has also decided to link the market-wide position limit (MWPL) to the cash market volume and the free float of the stock.

MWPL is the maximum number of contracts that can be open in F&O trading for a particular stock.

Punjab BJP rebukes Harsimrat's assertion on 'Veer Bal Diwas'

Chandigarh, Oct 28 : The Punjab BJP on Wednesday rebuked to Shiromani Akali Dal and Bathinda MP Harsimrat Kaur Badal's assertion on the controversy surrounding the observance of "Veer Bal Diwas". Citing an earlier tweet by Kaur, BJP spokesperson Pritpal Singh Baliawal pointed out that it was she herself who in 2019 advocated commemorating the martyrdom of the Sahibzadas under the title "Bal Diwas".

He questioned why a term that was considered entirely appropriate by the Akali Dal until 2019 has suddenly become objectionable after the breakdown of the BJP-SAD alliance. Baliawal highlighted that even in 2018, during an event organised at Vigyan Bhawan in New Delhi by the Delhi Sikh Gurdwara Management Committee (DSGMC), Akali Dal President Sukhbir Badal had expressed concurrence with the name "Bal Diwas". He remarked that the present Opposition by the Akali Dal reflected a clear contradiction of its own earlier stand.

Stating that during the period of alliance with the BJP, all sensitive issues related to religion, agriculture, and Punjab were discussed and resolved through mutual consultation, Baliawal said the Akali Dal leadership repeatedly breached this trust. He said such issues were later used for political posturing and to falsely portray the BJP as anti-Punjab, solely to safeguard the Akali Dal's shrinking political space and to hinder the BJP's growth in the state. Baliawal emphasised that under the leadership of Prime Minister Narendra Modi, the BJP has consistently demonstrated the highest respect for Sikh history, traditions, and the supreme sacrifices of the Sahibzadas. The declaration of "Veer Bal Diwas", he said, is a global acknowledgement of their unparalleled martyrdom and courage.

Appealing to the Akali Dal and its leadership, Baliawal urged them not to exploit religious sentiments for political gains and to accept the reality of the stand they themselves had earlier taken.

He asserted that political differences must not be imposed upon the sacred martyrdom days of the Sahibzadas. Former Union Minister Kaur has slammed an advertisement issued by the Central government on Veer Bal Diwas and termed it as a direct attack on Sikh Principles. Slovenian court strikes down part of government health reform

Ljubljana, Oct 28 : Slovenia's Constitutional Court has ruled that doctors employed in public medical institutions must be allowed to work in private practices during their free time, striking down a key provision of the government's health reform.

The provision, adopted by parliament in April, barred most publicly employed doctors from engaging in private practice. The government argued that the ban was necessary to improve efficiency in the national health-care system, reports Xinhua news agency.

Slovenia's public health sector has been under pressure, with many patients facing waiting times of one year or longer for certain medical procedures.

The Trade Union of Doctors and Dentists Fides challenged the ban before the Constitutional Court, arguing that it would further weaken the public health system by prompting doctors to leave public institutions in order to continue private practice. In its ruling, the court said the prohibition violated the constitutional right to free economic initiative and ordered parliament to amend the law within one year.

Bojana Beovic, president of the Medical Chamber of Slovenia, welcomed the ruling, saying it was "in the interest of Slovenia's citizens and patients".

The decision deals a blow to the government led by Prime Minister Robert Golob ahead of the general election scheduled for March 22, as health reform has been a central element of its political agenda. In a separate development, Slovenia's economic sentiment indicator rose to 0.6 points in December, the highest level since June 2022, the Statistical Office said on Wednesday.

December also marked the first time since December 2022 that the indicator turned positive, according to official data. In recent years, economic sentiment in Slovenia has remained negative amid weak external demand for Slovenian products.

Govt launches water security initiative in stressed rural blocks

New Delhi, Oct 28 : The Union government on Wednesday launched the 'National Initiative on Water Security' to give precedence to water-related works in water-stressed rural blocks, an official said. The initiative makes a minimum expenditure on water conservation and harvesting activities mandatory in rural blocks, said an official of the Jal Shakti Ministry in a statement. The policy was launched jointly by Union Minister for Rural Development, and Agriculture and Farmers' Welfare Shivraj Singh Chouhan and Jal Shakti Minister C.R. Paatil.

Chouhan said that groundwater levels are continuously depleting and water has become one of the biggest global challenges. He noted that Prime Minister Narendra Modi has been committed to water conservation since his tenure as the Chief Minister of Gujarat and has led numerous initiatives to underline its importance. The Prime Minister has given the nation direction through campaigns like 'Catch the Rain', rainwater harvesting, and the construction of 'Amrit Sarovars', he said. He added that the Prime Minister had instructed in a meeting of the Council of Ministers that a fixed portion of MGNREGA funds must be earmarked for water conservation. He said now in 'over-exploited' blocks, 65 per cent of MGNREGA funds will be used for water-related works; in 'semi-critical' blocks 40 per cent of MGNREGA funds will be spent on water conservation and in blocks without water scarcity at least 30 per cent of funds will go towards water-related works.

He said MGNREGA resources will now be channelled with priority into water conservation, boosting groundwater recharge and accelerating conservation drives.

Pakistan echoes the claims of grooming gang leader on citizenship

Islamabad, Oct 28 : The Pakistani government is maintaining the same claim as the ringleader of the grooming gang in the UK's Rochdale by saying he is no longer a Pakistani citizen, a media report said. "Pakistan is refusing to take back a ringleader of the Rochdale grooming gang on the grounds that he is no longer a citizen of the country after ripping up his passport. Shabir Ahmed, who was freed this week after serving 14 years in prison for 30 child rape offences, claims that he renounced his Pakistani citizenship, The Telegraph reported. Britain is disputing the claims of the grooming gang leader, but Pakistani officials and ministers are saying that he is no longer a Pakistani citizen, which stops the return of the offender to the country of his birth. "Pakistan's refusal to take Ahmed back is seen within the UK Government as a bigger hurdle to his deportation than closing a loophole in the 1971 Immigration Act that bars his removal from the UK as a Commonwealth Citizen," noted the report. "There is probably a way of solving the problem over the 1971 Immigration Act. That is more solvable than the Pakistan side of the equation," a government source said, as reported by The Telegraph. Ahmed left Pakistan in the late 1960s and had dual citizenship. He was jailed for 22 years in 2012 and stripped of his UK passport in 2016 to facilitate his deportation when he was released from prison. His victims were promised that he would be deported. At least 250,000 girls and likely more were subjected to gang rape, trafficking, torture, and coerced pregnancy over several decades, with the perpetrators overwhelmingly being of Pakistani Muslim heritage and the enabling institutions overwhelmingly of the British state, according to a 219-page report released by a privately funded parliamentary inquiry into organised child sexual exploitation in the UK.

South Korea's main Oppn slams govt for not identifying Iran behind attack on cargo vessel

Seoul, Oct 28 : South Korea's main opposition People Power Party (PPP) on Wednesday criticised the government for downplaying a strike on a South Korean-operated cargo vessel in the Strait of Hormuz and refraining from describing it as an Iranian attack. A South Korean investigation team has concluded that two "unidentified airborne objects" caused an explosion and fire aboard the Panama-flagged cargo vessel Namu, operated by South Korean shipping firm HMM Co., in the conflict-hit strait last week, reports Yonhap news agency.

"Our government earlier insisted there were low chances that the vessel had come under attack," PPP leader Jang Dong-hyeok said during a meeting of the party's supreme council. "Now that the strike has been confirmed, it is saying it will not prejudge who was behind the attack. "(The government) has no willingness whatsoever to protect the safety and property of the people," he added.

Jang also argued that the Iranian state media has already acknowledged the attacks. "It's like the attacker is making a confession, and the person who got hit is denying it," he said. Last week, Iran's state-run Press TV published a commentary piece implying that targeting a South Korean vessel that violated maritime rules.

Brazil's supreme court suspends law that could shorten Bolsonaro's prison sentence

Sao Paulo, Oct 28 : Brazil's Supreme Federal Court has temporarily suspended a law that could shorten prison terms for individuals convicted over the January 8, 2023, attacks on government buildings, including former President Jair Bolsonaro.

Justice Alexandre de Moraes, who was assigned to review the law's constitutionality, issued the decision on Wednesday (local time), reports Xinhua news agency.

In his ruling, Moraes said the suspension was necessary to ensure legal certainty while the court determines whether the law is compatible with Brazil's constitution.

The full court is expected to review legal challenges to the legislation, which was promulgated on Thursday by Congress President Davi Alcolumbre after lawmakers overturned a veto by President Luiz Inacio Lula da Silva. Bolsonaro was sentenced by the Supreme Federal Court in September last year to 27 years and three months in prison for leading an attempted coup. Earlier in March, the First Chamber of Brazil's Supreme Federal Court had rejected a request for humanitarian house arrest for former President Jair Bolsonaro.

The court's decision confirmed a preliminary ruling by Justice Alexandre de Moraes, who determined that the detention facility guarantees necessary healthcare.

Moraes noted that while the defence cited a medical report, the report itself ruled out the need for hospitalisation.

The justice also emphasised that Bolsonaro's frequent meetings with allies demonstrate that his physical and mental health were compatible with his current regime of imprisonment.

Rome, Oct 28 : Italy's Defence Minister Guido Crosetto on Wednesday expressed optimism regarding the upcoming North Atlantic Treaty Organisation (NATO) Summit in Ankara. "Ankara (Summit) has been built so that everything works, commitments will be respected and each country presents itself having done its part," Crosetto said, via video, at the 'Pantelleria Mediterraneo d'Autore', emphasising that he sees no critical issues compared to the previous summit. "Then we will see what (US President Donald) Trump will do; it will be a very short summit," he added.

On transatlantic relations, Crosetto reiterated that "real relations with the US are excellent, like those a year ago, or 5 years ago", noting that dialogue with Washington takes place steadily at an institutional level. "Trump has his way of doing politics, of pressing allies," he said, adding "it's his way of acting so that allies react," Italian news agency Adnkronos reported.

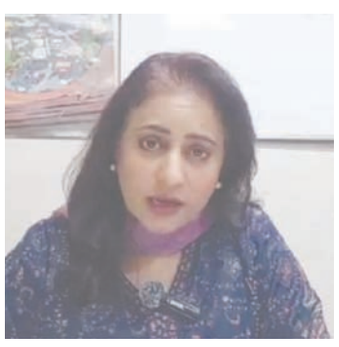

On the topic of defence, Crosetto ruled out conflicts with social spending. "I have never thought that defence spending should be an alternative to healthcare, culture, and welfare. Without defence, there is no security and no social spending," he stated, emphasising the importance of alliances.

AAP's promise of eliminating drugs hollow, says Punjab BJP chief

Jalandhar, Oct 28 : Punjab BJP President Kewal Singh Dhillon on Wednesday launched a sharp attack on the Aam Aadmi Party government and said despite four and a half years having passed, the promise of eliminating drugs from Punjab has proven completely hollow.
Instead, the flow of drugs has increased manifold compared to earlier, he added.
Dhillon told the media here that before the elections, AAP national convener Arvind Kejriwal had promised the people of the state that drugs would be eradicated from the state within just three months. He said even after four and a half years, far from eliminating drugs, a large number of youth are falling prey to drug abuse, and the government's "War Against Drugs" campaign has completely failed.
Referring to the arrest of the Deputy Superintendent of Hoshiarpur (Jail), he said the open sale of drugs inside prisons reflected the government's failure. "The viral video from the same jail is also evidence that mobile phones are being used openly inside prisons. Despite being

aware of everything, the government remains busy in jokes and theatrics." He said Punjab is currently battling gangsters, drug abuse, unemployment, and deteriorating law and order, while the Chief Minister is vacationing in Bengaluru.
Taking a dig at the government, Dhillon said Punjab has become leaderless and is being run by tainted leaders rejected by Delhi, whereas states governed by the BJP are witnessing rapid development.
Citing statistics, he said Punjab, which once ranked first in the country in terms of development, has now slipped to 18th position, while Uttar Pradesh, which was once ranked 17th, has now reached second position. He said industries are continuously being established in BJP-ruled states, law and order is better, and only a BJP government can restore prosperity in Punjab. Referring to the Rs 1,000 per month scheme promised to women, he said instead of paying the full Rs 51,000 due for 51 months, the government has released only the amount for three months, which amounts to mere political theatrics and a large-scale betrayal of Punjab's women. Targeting the Congress party, Dhillon said the party is entangled in internal conflicts and leadership battles and has no real concern for the people of Punjab. Expressing confidence, the state BJP chief said the party would form the government in Punjab in 2027, carrying forward the vision of Maharaja Ranjit Singh's "Sarkar-e-Khalsa".

New Delhi, Oct 28 : The Supreme Court on Wednesday granted bail to former Jharkhand Rural Development Minister and Congress leader Alamgir Alam and his private secretary Sanjeev Lal in a money laundering case linked to the alleged tender commission scam being probed by the Enforcement Directorate (ED). A Bench of Justices M.M. Sundresh and N. Kotiswar Singh ordered their conditional release after hearing special leave petitions (SLPs) challenging the Jharkhand High Court's order refusing bail. The apex court had earlier, on April 2, directed expeditious examination of four key witnesses in the case and declined interim relief at that stage.

Meghalaya CM urges HM Amit Shah to consider state's concerns over FCRA provisions

New Delhi, Oct 28 : Meghalaya Chief Minister Conrad K. Sangma on Wednesday met the Union Home Minister Amit Shah in New Delhi and urged the Centre to take into account the unique circumstances of the hill state while dealing with issues relating to the Foreign Contribution (Regulation) Act (FCRA).
Chief Minister Sangma was accompanied by a delegation of senior church and community leaders representing major Christian denominations in Meghalaya, who raised concerns over certain provisions of the FCRA and the proposed amendments to the legislation. During the meeting, the delegation highlighted that religious, educational, charitable and social welfare institutions in the state depend on foreign contributions for carrying out a wide range of public service activities.
They said these institutions operate numerous schools, colleges, hospitals and community welfare programmes that cater to people across Meghalaya, particularly in remote and rural areas.
The Chief Minister stressed the critical role played by these institutions in the state's social and educational landscape and urged the Union government to ensure that genuine organisations engaged in public service are not adversely affected by regulatory changes. According to an official

statement, Chief Minister Sangma requested the Centre to consider Meghalaya's unique socio-cultural and geographical context while framing or implementing provisions related to the FCRA, so that essential services delivered by faith-based and charitable institutions continue without disruption. The delegation included Reverend H.L. Myrsing, Moderator of the Presbyterian Church of India; Reverend S. C. Diengngan, Chairman of the FCRA Sub-Committee of the Presbyterian Church of India; Reverend Meyu Changkiri, General Secretary of the North East India Christian Council.

Jan Suraaj makes inroads into Bihar MLC with victory in Darbhanga Teachers' constituency

Patna, Oct 28 : Following Jan Suraaj Party founder Prashant Kishor's triumph in the Bankipur Assembly bypoll, the party has expanded its footprint in state politics by securing its first seat in the Bihar Legislative Council.
In a significant political breakthrough, Jan Suraaj party candidate Suresh Prasad Rai won the Darbhanga Teachers' MLC seat, defeating sitting Congress MLC Madan Mohan Jha by a margin of 324 votes.
According to official election data, Suresh Prasad Rai polled 2,574 votes against Madan Mohan Jha's 2,187.
Communist Party of India (Marxist) candidate Ramdev Rai received 1,498 votes, while Rashtriya Janata Dal (RJD) nominee Kumar Raut managed 126 votes.
The multi-cornered contest among the Congress, RJD, and CPI(M) fragmented the traditional opposition vote share, creating a clear opening for the newly formed Jan Suraaj party. The outcome dealt a major blow to Congress. Madan Mohan Jha, a former Bihar Congress president and former cabinet minister in the Grand Alliance government, had represented the constituency for the previous two terms. His defeat reduces the party's representation in the Upper House of the state legislature to just a single seat.
Suresh Prasad Rai, who previously contested from the same constituency as a Bharatiya Janata Party (BJP) candidate and finished runner-up, demonstrated consistent strength throughout the vote count. He took an early lead in first-preference votes and maintained his advantage until the final rounds.
This victory strengthens the Jan Suraaj party's effort to position itself as a viable political alternative to Bihar's established alliances.
The party, launched by political strategist-turned-politician Prashant Kishor, has aimed to transform its grassroots campaign momentum into legislative presence. Jan Suraaj's entry into the Upper House marks another milestone in its ongoing electoral debut. Voting for the 8 MLC seats, including four teachers and four graduate seats, was held on October 23, and counting started on October 27 at 8 a.m.

US last year cleared $330 billion in arms sales, pushing for faster system

Washington, Oct 28 : The United States authorised more than $330 billion in arms exports last fiscal year, a senior State Department official said, as the Trump administration moved to overhaul a slow and complex defence sales system to speed up deliveries to allies.

Stanley L. Brown, Senior Bureau Official for the Bureau of Political-Military Affairs, told lawmakers the scale of approvals reflects strong global demand for US weapons systems.

"That demand reflects the trust our allies and partners place in American defense technology and in the United States as the security partner of choice," Brown said during a House Foreign Affairs Committee hearing here. He acknowledged, however, that the current system is struggling to keep pace. "Our system has not always operated at the speed or scale required to meet urgent operational demands," he said.

In his testimony, the State Department official highlighted a series of executive orders, including the "America First Arms Transfer Strategy," aimed at accelerating approvals, strengthening the defence industrial base, and aligning arms sales with national security priorities.

However, he told the lawmakers that outdated Congressional notification thresholds and procedural delays risk pushing partners towards alternative suppliers, with "long-term interoperability and

geopolitical consequences."

Pentagon acquisition chief Mike Duffey echoed the push for reform, linking arms transfers directly to US military readiness and industrial capacity.

"Our national security is inextricably linked to the strength of both our defense industrial base and our international partners," Duffey said. He added that the administration is restructuring the system to remove regulatory bottlenecks and speed up delivery timelines. "America First does not mean America alone," he said.

Duffey said new arrangements with defence contractors are aimed at expanding production, enabling companies to invest more capital while increasing output of key munitions and systems.

The Defence Security Cooperation Agency processes more than $100 billion annually in arms transfers and supports security cooperation across 136 US embassies, officials said. Lawmakers sharply differed over the reforms and their broader implications.

Anti-Taliban leaders worry about their safety after killing of former Afghan General in Tehran

Kabul, Oct 28 : Several Afghan leaders have severely condemned the killing of former Afghanistan police commander General Ikramuddin Saree who was shot dead near his residence in Tehran, the capital of Iran, on Wednesday evening.

Afghan media on Wednesday reported that no individual or group has claimed responsibility for the killing so far and the Iranian authorities too have not yet released details of any investigation.

"Relatives said Saree was critically wounded in the shooting and died while being transferred to hospital. The reports indicated that the incident occurred in the Valiasr district, one of Tehran's busiest neighbourhoods," reported leading Afghan news agency Khaama Press.

"General Saree previously served as police chief in Afghanistan's Baghlan and Takhar provinces and was known as a senior security official during the former government. Like many ex-Afghanistan military personnel, he sought refuge in Iran after the Taliban returned to power in August 2021," it added. Afghanistan's opposition movement leaders have described the killing as an "act of terror", highlighting that it has heightened fears among former security officials living abroad.

Calling him as one of the honest commanders committed to the people and the homeland, Jamiat-e

Islami, the National Resistance Front and Freedom Front released statements saying that the killing of Saree underscored growing risks faced by former Afghan military and security figures in exile.

"Not long ago, the late Maruf Gholami, a former commander of the Islamic Jamiat, was martyred in Mashhad. Such murders, especially in cities where Afghan political and consular representations are under the control of the Taliban, are a cause for serious concern. It is expected that the relevant authorities of the Islamic Republic of Iran will take action to identify the perpetrators of such murders and bring them to justice."

Immigrant lawmakers celebrate America's promise

Washington, Oct 28 : As the United States marked the 250th anniversary of its independence, two immigrant members of Congress — one Republican and one Democrat — reflected on their journeys to America and delivered a bipartisan message that legal immigration remains central to the country's identity and future.

Republican Congressman Carlos Gimenez of Florida and Democratic Congressman Adriano Espaillat of New York, both naturalised American citizens who arrived in the United States as children, shared their experiences during a special Independence Day edition of CBS's Face the Nation.

Gimenez recalled leaving Cuba with his family when he was nearly seven years old after the rise of Fidel Castro's communist regime.

"My parents were seeking freedom, not only for themselves, but for us, his children, my sister and I, to give us the opportunity to live in a land of freedom," he said.

He remembered arriving in Florida, living with relatives in a crowded home and attending school without speaking English. "I remember vividly my first day going to school... That was my first word in English. Until then, I only spoke Spanish," Gimenez

said. Espaillat, who emigrated from the Dominican Republic at the age of nine, recalled adapting to a new life in New York City after arriving in the middle of winter. "We lived with our grandparents... We got there in December. And, of course, we went to school. Remember sitting in the back of the classroom and... not knowing really a word of English. But, surely and slowly, we acclimated, and here we are," he said.

Both lawmakers credited their families' belief in America for shaping their lives.

Espaillat said his grandmother, the first in the family to become a US citizen, "was so proud of it" and often spoke about "how great this nation is and how it gave us a new opportunity of moving forward."

Despite representing opposing political parties, the two lawmakers found common ground on the need for immigration reform after securing the nation's borders.

Gimenez argued that migrants who have built lives in the United States should not continue living in uncertainty. "Those that have been here for years that have been working, are part of the community, that are part of the economy, we need to find a way to normalize them," he said. "They can come out of the shadows, pay taxes, and then live their life without having fear." Espaillat called for bipartisan action on issues including Dreamers, farm workers and keeping immigrant families together. "A family that's divided, that's fractured is a weak family, and many weak families make up a weak nation," he said. Asked what message they would send to aspiring immigrants, both lawmakers emphasised following legal pathways while celebrating immigration's contribution to America.

Lee calls for prompt execution of chip cluster, AI investment projects

Seoul, Oct 28 : President Lee Jae Myung on Wednesday called for the prompt execution of the government-led large-scale chip cluster and AI investment projects by expediting administrative procedures, including streamlining environmental impact reviews. The president made the call at a meeting with senior government officials and top executives of leading chipmakers -- Samsung Electronics Co. and SK hynix Inc. -- to discuss follow-up measures for the investment projects, reports Yonhap news agency.

Last week, the government unveiled the "three mega projects" initiative, centred on large-scale investments in semiconductors, physical artificial intelligence (AI) and AI data centers, as the country bets big on those advanced industries for its future.

In particular, the government plans to establish a semiconductor production cluster in the southwestern Honam area, with Samsung and SK pledging to invest a combined 800 trillion won (US$522 billion). "The world is witnessing very intense competition, while an entirely new future is being shaped around AI," Lee said in his opening remarks. "At a time when all-out competition that will determine the nation's fate is under way, who moves first and who moves faster will be the deciding factor," he added. The president called on the government to preemptively identify and tackle potential obstacles to implementing the projects so that companies can focus solely on investment and operations. "Investments should never be delayed because of delays in administrative procedures," he said, calling for streamlining mandatory environmental impact reviews for the chip cluster plan.

Dubai, Oct 28 : Pakistan fast bowler Haris Rauf has been fined 20 per cent of his match fee and handed a demerit point for an on-field conduct breach during the ODI against England in Lahore on Sunday, while the visitors have incurred a separate penalty for maintaining a slow over-rate.

The International Cricket Council (ICC) confirmed that Rauf violated Article 2.2 of its Code of Conduct for Players and Player Support Personnel, which deals with conduct contrary to the spirit of the game.

The sanction includes an official reprimand, with his disciplinary tally rising to five demerit points following his third offence within a 24-month period.

The incident took place towards the end of Pakistan's innings, after the completion of the 46th over.

Standing at the non-striker's end, Rauf appealed for a wide before becoming involved in an exchange with England all-rounder Will Jacks. The Pakistan pacer raised his bat during the confrontation and continued arguing despite a warning from umpire Sharfuddoula Ibne Shahid. He subsequently brushed past the umpire as he moved towards Jacks.

FIFA U15 WC: India go down to Honduras in Tier C Round of 32

Baku, Oct 28 : India lost 1-2 to Honduras in Tier C's Round of 32 of the FIFA U15 World Cup here at Hovsan Competition Complex on Wednesday. Honduras broke the deadlock through Danio Flores (18') and led at half-time. India equalised in the second half through Ronandev Aheibam (31'), before the Central Americans reclaimed the lead through Alejandro Amaya (36'). With all 189 teams continuing to play for position until the final day of the tournament, India will now move to the Round of 16 of the lower bracket and contest for positions 81 to 96. India will now face Trinidad and Tobago, who lost 2-4 to France in their Round of 32, later in the evening. Both sides enjoyed spells of equal possession early in the first half. However, Honduras started to contain India's build-up with a higher press. India had two real chances in the first half through Ronandev Aheibam and Nara Meitei Loushambam.

In the fourth minute, Ronandev had an attempt from the edge of the box, but it cleared the crossbar. Then in the 15th minute, Nara's free-kick from just outside the area narrowly sailed high. But the Central American outfit were the first to punch in on the scoresheet through Danio Flores. In the 18th minute, a miscued pass from goalkeeper Jenit Ningthoujam allowed Flores to intercept and finish past him to put Honduras ahead. Honduras then went on to maintain pressure on the Blue Colts' defence after the resumption of play. In the 22nd minute, Jeffrey Lara cut inside from the left and sent a right-footed curler above the crossbar.

'What a time to bat! Fill your boots': Gibbs warns South Africa ahead of Australia's batting innings

New Delhi, Oct 28 : Former South Africa batter Herschelle Gibbs has urged the Proteas to make the most of the batting-friendly conditions at Newlands after Mitchell Starc's six-wicket haul triggered a dramatic collapse on the opening day of the third and final Test against Australia in Cape Town. With South Africa bowled out for 329 after losing nine wickets for just 126 runs, Gibbs highlighted the opportunity awaiting Australia's batters on day two, when the visitors began their reply under clear skies. "Pretty sure it's cloudless skies at Newlands today and what a time to bat! Fill your boots," Gibbs wrote on X on Wednesday. The former South Africa international, who played domestic cricket in Cape Town and scored two Test centuries at Newlands, had earlier pointed to the importance of batting conditions on the second and third days of the match.

'You give your icons a better send-off': Broad lashes out at Lancashire's handling of Anderson's exit

New Delhi, Oct 28 : Former England fast bowler Stuart Broad has criticised Lancashire's decision to part ways with James Anderson ahead of the 2027 season, calling the county's handling of the situation "disrespectful" after the veteran seamer claimed 50 wickets at an average of 17 in the 2026 County Championship.

Broad questioned why the club failed to arrange a more fitting farewell for England's record Test wicket-taker, despite understanding that Lancashire's new management needed to assess its plans for the future.

Anderson, 44, confirmed his impending departure in a social media statement after Lancashire decided against offering him a fresh contract. The veteran, who continued playing county cricket after retiring from international duty in 2024, had captained Lancashire in Division Two this season. His performances came despite the club enduring a difficult campaign, finishing second from bottom in the Championship.
