TN: Seeman to contest Ambasamudram bypoll, NTK to contest all five by-elections

Tirunelveli, Oct 30 : Naam Tamilar Katchi (NTK) chief coordinator Seeman has announced that he will contest the Ambasamudram Assembly by-election, setting the stage for another electoral bid after his defeat from Karaikudi in the Assembly polls earlier this year.

Speaking to reporters in Tirunelveli, Seeman said his party would field candidates in all five constituencies facing by-elections. His announcement ended speculation over whether he would personally enter the contest in Ambasamudram. The constituency fell vacant following the resignation of Isakki Subbiah, who had won the seat on an AIADMK ticket before joining the Tamilaga Vettri Kazhagam (TVK). His departure from the Assembly has necessitated a by-election.

"I will contest the Ambasamudram by-election. Naam Tamilar Katchi will contest all five constituencies," Seeman said, making clear that the party intended to participate across the forthcoming electoral contests.

Taking a swipe at the TVK, he asked why its members were afraid of him entering the fray. He also asserted that his candidature should be viewed beyond caste identities and personal or family connections.

"I am a common candidate for people of all castes. If family relationships are taken into account, I cannot contest in any constituency in Tamil Nadu. Relationships are different; political positions are different," he said.

Bengaluru, Oct 30 : The Central Crime Branch (CCB) Cyber Crime Police has given a clean chit to former Karnataka Chief Minister and Congress Working Committee (CWC) Member Siddaramaiah in the alleged sting operation case, stating that the video circulated on social media appears to contain fabricated allegations.

Centre politicising drinking water issues: K'taka Minister

Bengaluru, Oct 30 : Karnataka Minister for Water Resources N. Cheluvarayaswamy on Friday accused the Union government of politicising drinking water issues and alleged that it was delaying key projects such as Mekedatu and Mahadayi despite the state's pressing water requirements.

Speaking after inaugurating the release of M.K. Venkataramu's book, 'The Evergreen Cauvery Conflict', at Gandhi Bhavan in Bengaluru, the Minister said the Centre was not paying adequate attention to Karnataka's concerns over drinking water projects.

The event was organised by the Cauvery River Protection Committee, Kuvempu Vishwa Manava Kshema Abhivruddhi Trust and Vismaya Book House.

Cheluvarayaswamy said the Supreme Court had ruled that other states could not raise objections to drinking water projects. However, he alleged that the Centre was yet to grant forest clearance for the Mahadayi project due to pressure from Goa. He said he had also appealed to Union Ministers to facilitate the implementation of the Mahadayi project and urged the Centre to take the state's drinking water needs seriously.

Army, Assam Rifles successfully validate helicopter insertion at Vijaynagar in Arunachal

Itanagar, Oct 30 : The Indian Army and the Assam Rifles on Friday successfully validated the helicopter insertion of troops at Vijaynagar in Arunachal Pradesh's Changlang district, officials said, highlighting enhanced operational preparedness in the remote border area.

Defence spokesman Lt Col Mahendra Rawat said that as part of a joint exercise between Assam Rifles and the Indian Army, a swift heli-borne insertion of troops was successfully undertaken in the strategically significant Vijaynagar Salient on Monday. He said that the exercise was aimed at validating rapid troop insertion capabilities and enhancing operational orientation in challenging and remote terrain.

According to Lt Col Rawat the carefully planned activity demonstrated the ability of the forces to swiftly induct acclimatized troops into a simulated operational area, reflecting preparedness to respond effectively to emerging security challenges. Emphasis was laid on speed, coordination and precision, ensuring seamless execution under realistic conditions, he stated.

"The troops displayed a high degree of professionalism, adaptability and combat readiness during the exercise," the spokesman said. The joint drill significantly enhanced operational reach and reinforced inter-force synergy, highlighting the robust coordination and mutual understanding between Assam Rifles and the Indian Army. Such exercises play a vital role in refining standard operating procedures, improving interoperability and strengthening collective response mechanisms in strategically sensitive regions, Lt Col Rawat stated.

Changlang District covered with picturesque hills lies in the southeastern corner of Arunachal Pradesh, is the easternmost part of India, having an international boundary with Myanmar.

In another development, the Army organised a Christmas celebration in the hills of Menchuka in Arunachal Pradesh's Shi-Yomi District on Thursday.

Lt Col Rawat said that the serene hills of Menchuka resonated with the spirit of Christmas as teachers from St. Francis de Sales (SFS) College, Aalo undertook a meaningful journey of faith,

Priyank Kharge 'misusing' his position due to political connections: Kumaraswamy

Bengaluru, Oct 30 : Union Minister H.D. Kumaraswamy on Friday launched a scathing attack on Karnataka Home Minister Priyank Kharge, accusing him of indulging in personal attacks and alleging that he was misusing his position and political connections because his father, Mallikarjun Kharge, is the president of the All India Congress Committee (AICC).

Responding to the criticism by Priyank Kharge, Kumaraswamy called him a "minister of slander" and accused him of talking excessively while delivering little.

He alleged that the Home Minister was finding satisfaction in criticising others and suggested that he was suffering from an identity crisis.

In a strongly worded post, Kumaraswamy said Kharge had cast a shadow over the administration of the state as Home Minister and accused him of losing his sense of judgment and direction. He advised Kharge to seek treatment.

EAM Jaishankar in Atlanta for G20 ministerial as US flags sea lanes, energy and supply chains

External Affairs Minister S. Jaishankar arrived in Atlanta to join G20 foreign ministers on Friday for a two-day meeting that the US says will focus on energy, supply chains and keeping sea lanes open, issues that weigh heavily on India's oil, LNG and fertilizer imports. He will also attend a Quad foreign ministers' meeting on the sidelines. "There is shared resolve to confront urgent crises and keep critical sea lanes open to commerce without threats or tolls. This is important for energy resources, but equally important for fertilizer and food," a State Department official told said ahead of the meeting, hosted by Secretary of State Marco Rubio. For India, among the world's largest oil importers, the conflict in West Asia and the disruption around the Strait of Hormuz have pushed energy security to the top of the agenda. The official said "Energy is foundational for economic growth around the world" and access must be "affordable and abundant", which is "necessary if a country wants to use SI (superintelligence) and the emerging technologies being developed."

"Supply chains for critical minerals are vital for energy security and advanced manufacturing," the official said, adding that other supply chains are essential, "especially for fertilizer, LNG, oil, other raw materials for manufacturing." "Conversations in Atlanta will provide an opportunity to discuss energy and supply chain challenges as well as identify ways to collectively address the impact of geopolitical tensions on economic security," the official said.

Announcing the visit in New Delhi on Wednesday, Ministry of External Affairs spokesperson Randhir Jaiswal said: "The External Affairs Minister will be attending the G20 Foreign Ministers' Meeting to be held in Atlanta, United States, from 30th to 31st October, 2026. On the sidelines of this meeting, he will also participate in a QUAD Foreign Ministers' Meeting and also have several bilateral engagements with his counterparts." Australian Foreign Minister Penny Wong said she would meet counterparts from the US, India and Japan "for the third Quad Foreign Ministers' Meeting this year." Gujarat: PMAY beneficiaries in Jamnagar share joy of owning permanent home, thank govt

Jamnagar, Oct 30 : The Pradhan Mantri Awas Yojana (PMAY) is helping economically weaker families across the country build permanent homes of their own and improve their standard of living.

In Gujarat's Jamnagar, thousands of people have garnered the benefits of the welfare scheme and have no inhibitions about heaping praise on the government.

Many PMAY beneficiaries, speaking to IANS, shared how the scheme has brought security, happiness, and new opportunities into their lives.

Rajendra bhai, a resident of Mohan Nagar in Jamnagar, lived in a dilapidated house that would flood during the rainy season. It was during this difficult time that he learnt about the Pradhan Mantri Awas Yojana. With financial aid from the government, he was able to construct a permanent house.

Speaking to IANS, he said that his financial situation was precarious earlier, but his life changed 360 degrees after subscribing to the scheme. He received a loan of Rs 4 lakh under the scheme, which enabled him to build a house of his own - something he could never have achieved on his own.

Assam: PM-KISAN instalment to benefit over 18 lakh farmers

Guwahati, Oct 30 : Assam Chief Minister Himanta Biswa Sarma on Friday said the latest instalment under the Pradhan Mantri Kisan Samman Nidhi (PM-KISAN) scheme would benefit more than 18 lakh farmers in the state, strengthening their livelihoods and supporting agricultural activities.

In a post on X, Sarma highlighted the importance of supporting farmers at a time when the world is preparing for a potential foodgrain crisis. He said India was extending support to farmers through various measures to build a resilient and vibrant agricultural ecosystem.

"At a time when the world is preparing for a foodgrain crisis, India is supporting its farmers through every means to make a resilient and vibrant farm ecosystem," the Chief Minister said. He added that the latest PM-KISAN instalment would empower more than 18 lakh farmers in Assam and strengthen their livelihoods and farming activities. The scheme, launched by the Centre in 2019, provides income support of Rs 6,000 annually to eligible landholding farmer families in three equal instalments of Rs 2,000 each, subject to prescribed eligibility conditions.

Hungary's Fidesz party announces protest after PM Magyar files constitutional amendment

Budapest, Oct 30 : Hungary's opposition Fidesz party has announced that it will hold a protest on Friday as Prime Minister Peter Magyar submitted a constitutional amendment to oust the country's President, Tamas Sulyok, a report has said.

Magyar, who secured win in the elections held in April, has repeatedly called for the removal of President Sulyok who was appointed by his predecessor Viktor Orban, whom he calls "Orban's puppet", Euro News reported.

The amendment submitted by Magyar states that "the mandate of the incumbent President of the Republic shall terminate on the day following the entry into force of the amendment to the Fundamental Law."

The ruling Tisza Party holds a supermajority in parliament, implying that the amendment filed by Magyar is expected to pass. Sources in the Hungarian parliament revealed that the vote could take place as early as next week, however, this has not been officially confirmed.

Four constitutional judges will be removed after the constitutional changes as their retirement age will be set to 70 years. In addition, constitutional changes will limit parliamentary deputies to a 12-year mandate.

President Sulyok has announced that he has no plans to resign and termed Magyar's action a threat to democracy, Euro News reported. In a statement on Sunday, Sulyok said, "The question is whether this force will sweep away internationally recognised and required principles of the rule of law, as well as genuine representative democracy." Fidesz has said

Sulyok's removal would pave the way for tyranny, and called for a protest in support of Hungarian President on Thursday in support of Sulyok. The opposition has contended that Sulyok was elected in accordance with Hungary's constitution and that his removal would amount to personalised legislation.

Orban said, "The Tisza Party crosses all boundaries – human, moral and legal." He stated that the voters of Hungary did not authorise it.

During his election campaign, Magyar vowed to remove Hungary's President from office, stressing that Sulyok did not fulfil his constitutional duties and did not stand up for opposition supporters when Orban served as PM.

Earlier in June, Magyar accused Tamas Sulyok of abandoning the people of Hungary. While addressing a press conference in outside the Sandor Palace on June 1, he said, "The office of the president of the republic is more important and more powerful than any individual head of state.

Rahul Gandhi's rally in Punjab will serve as platform for state's rights, says Congress chief

Chandigarh, Oct 30 : Punjab Congress President Pargat Singh said on Friday that the 'Insaaf Rally' in Sangrur on November 4 to be addressed by Leader of Opposition in Lok Sabha, Rahul Gandhi, would serve as a decisive platform in the fight for state's rights, justice and future. The rally is expected to see more than one lakh people from across Punjab.

He added that over the past four-and-a-half years, the state government had remained silent on issues affecting farmers, young people and ordinary citizens, despite being accountable to the public.

The Congress, Pargat Singh said, would now forcefully raise questions concerning law and order, drugs, unemployment, paddy procurement, sacrilege cases and Punjab's rights.

Launching a sharp attack on the Bhagwant Mann government, the State Congress President said the situation in the state was becoming increasingly worrying.

He alleged that the state government had failed to resolve people's problems and that, instead of listening to public concerns, its handling of the system was steadily eroding the confidence of ordinary citizens.

He said he had already warned in the Punjab Assembly that the Aam Aadmi Party government was turning Punjab into a 'police state'.

Over 200 terrorists neutralised in northern Mali : Army

Bamako, Oct 30 : The Malian army said on Friday that more than 200 terrorists were neutralised during coordinated air and ground operations carried out in Anefis in the country's northern Kidal region.

According to a statement issued by the General Staff of the Armed Forces, Monday's operations involved 35 airstrikes. The provisional toll also included five armoured vehicles, around 20 pickup trucks and about 100 motorcycles destroyed, Xinhua news agency reported.

The army said operations by the Malian Armed Forces and their partners were continuing in Anefis, reaffirming its determination to pursue actions against armed terrorist groups until the set objectives are achieved.

The operations came after attacks on July 4 targeting several localities in Mali, including Aguelhok, Anefis, Gao, Sevare and Kenioroba. The Malian army said at the time that it had repelled the attacks. Mali has faced a volatile security situation for years, with attacks by armed groups occurring frequently, particularly in the northern and central parts of the country.

In April, the country's Defence Minister Sadio Camara was killed in an attack on his residence in the town of Kati, near Bamako, carried out by armed terrorist groups.

The African Union (AU) has condemned Saturday's coordinated armed attacks that targeted several localities in Mali.

Quality power supply must be the next phase of power reforms : Experts

New Delhi, Oct 30 : Reliable electricity supply is not merely about powering lights and fans but is closely linked to dignity, livelihoods and equitable development, former Uttar Pradesh Electricity Regulatory Commission (UPERC) Chairman Suresh Kumar Agarwal said on Friday, while stressing the need for structural reforms to improve the quality of power supply in rural areas.

Delivering the keynote address at a roundtable on "Bridging the Rural-Urban Divide in Reliable and Quality Power Supply: A Path to Equitable Development with focus on Uttar Pradesh", organised by APCO in collaboration with Chintan Research Foundation (CRF), Agarwal said that while India has made remarkable progress in expanding electricity access through increased generation capacity and nationwide electrification, ensuring reliable and quality power supply, particularly in rural areas, remains a significant challenge.

Midterm elections Is a shock in store for Trump?

Washington, Oct 30 : Recent findings suggest that South Asian Americans could deal a blow to the ruling Republican Party—led by President Trump—in the upcoming U.S. midterm elections. A survey indicates that, in both the Senate and gubernatorial races in Texas, South Asian Americans are leaning toward candidates from the opposition Democratic Party. The South Asian American Voter Empowerment of Texas Education Fund and the University of California, San Diego, jointly conducted this survey. According to a survey, 66 percent of voters of South Asian descent leaned toward Democratic candidate James Talarico in the Senate race, while only 21 percent supported Ken Paxton of the incumbent Republican Party.

Pakistan: PTI voices concern over deteriorating health of Imran Khan's sister

Islamabad, Oct 30 : Pakistan Tehreek-e-Insaf (PTI) on Friday voiced concern over the deteriorating health condition of former Pakistan Prime Minister Imran Khan's sister, Noreen Niazi in prison and the decision by authorities to transfer her to Punjab Institute of Cardiology while alleging that the family members were not given any update about her health.
PTI leader Sheikh Waqas Akram shared the PTI central media department's statement on X, which mentioned that they have received reports that Noreen Niazi was taken to Punjab Institute of Cardiology after she fell ill in jail. However, the party said that it is "extremely regrettable and concerning" that none of the family members was informed about her shifting to the hospital. "The alleged illegal detention of 70-year-old Noreen Niazi, the risks to her health, and her hospital transfer without taking the family into confidence are extremely serious matters, on which the Punjab government and relevant authorities must provide immediate clarification," the PTI mentioned in a statement.
The party called for providing the best medical facilities to Noreen Niazi under the supervision of cardiologists; all necessary diagnostic tests and treatment should be ensured without delay, and information about her health should be shared immediately with the family. The PTI said that Noreen Niazi's family should be permitted to meet her and inquire about her well-being. The party voiced concern over the treatment being meted out to "innocent women" who have been imprisoned, including Imran Khan's sister. It called for ensuring respect and dignity of women, human dignity, and constitutional rights in all circumstances. "Turning political affiliation into a crime and holding women in detention for political pressure is unacceptable in any civilised and democratic society," it said. PTI's statement comes as Noreen Niazi's lawyer Rana Mudassar Umer said that she had been taken to the Punjab Institute of Cardiology on Wednesday after jail doctors recommended it, leading Pakistani daily Dawn reported. The lawyer mentioned that Noreen Niazi's family was not told about her worsening health condition. Umer said that jail authorities were not providing medicines to Imran Khan's sisters. Three sisters of Imran Khan - Aleema Khan, Uzma Khan, and Noreen Niazi - have been kept in prison since September 21 under the Punjab Maintenance of Public Order Ordinance, 1960 (MPO) on the Lahore Deputy Commissioner's (DC) orders, Dawn reported.

Hong Kong suffers economic hardship, property slump over China's policy changes: Report

New Delhi, Oct 30 : Hong Kong was once celebrated as Asia's ultimate success story is now enduring economic and social hardship due to property market pressures and business closures linked to Beijing's policy changes, a new report has said. The report from Myanmar-based Ayeyarwady Times said Hong Kong is now ridden with vacant storefronts, rental notices hanging from once-premium retail properties, struggling restaurants, declining property values. While Hong Kong remains a major international financial centre, many residents feel the city has lost its dynamic, opportunity-rich metropolis character.

'Govt discriminated against Azam Khan's family': SP welcomes Allahabad HC's relief to leader

New Delhi, Oct 30 : The Samajwadi Party (SP) on Friday welcomed the Allahabad High Court's order granting relief to party leader Azam Khan and his son Abdullah Khan, while accusing the Bharatiya Janata Party (BJP)-led Uttar Pradesh government of "discriminating" against Khan's family.

The Allahabad High Court on Thursday suspended the sentence of the SP leader and his son in the dual PAN card case and also granted them bail. However, the High Court declined their plea to stay the conviction itself. Now, their release from jail will depend on the legal position in other pending cases.

Speaking to IANS, SP MP Ramashankar Rajbhar said: "This (BJP) government has treated Azam Sahib's family in a discriminatory manner and is pursuing a politics of appeasement in Uttar Pradesh."

"By appeasement, I mean that the government believes that if action is taken against Muslims, Hindus will unite. It wants to practise appeasement among Hindus. As for the bail that has been granted, let the government change. The honourable courts will quash all the charges against Azam 'saheb' that have been lodged under pressure and as part of a conspiracy," he added. Welcoming the High Court's order, SP leader S.T. Hasan said: "The (BJP) government had implicated Azam Khan 'sahab' in these cases...he has now received relief from the court. This is the biggest happiness for all of us. We pray that his difficulties come to an end, that he is released, and that no further cases are filed against him."

SP leader Ajay Sagar added: "Mohammad Azam Khan 'saheb' and Abdullah Azam Khan 'saheb', and all their well-wishers, I want to congratulate everyone and extend my best wishes. Now, after about eleven-and-a-half months, our leader is coming out, and there is a lot of enthusiasm and happiness among all the workers. Across the entire state, there is an atmosphere of excitement, like Diwali or Eid."

Earlier on Thursday, Justice Samit Gopal of the Allahabad High Court passed the order while hearing criminal revision petitions filed by the father and son challenging the conviction and sentence awarded by subordinate courts in the two PAN cards case.

'Attack on freedom of expression': SP, CPI-M after UP bars 'violent regime change' protesters from govt jobs

New Delhi, Oct 30 : The Samajwadi Party (SP) and CPI-M on Friday opposed the Yogi Adityanath-led Uttar Pradesh government's move to declare individuals associated with organisations advocating violent changes to the existing social system, as ineligible for appointment to government jobs, calling it an "attack" of freedom of expression. Under the revised guidelines, participation in protests or activities aimed at changing the existing system through violence could render candidates ineligible for government employment. However, the Uttar Pradesh government has clarified that no candidate will be disqualified solely on the basis of their political ideology. Speaking to IANS, SP MP Harendra Singh Malik requested the Uttar Pradesh government to clarify two things. "First, how many government jobs have they provided so far? Second, will they ensure that young people who do not participate in protests are given jobs?

Odisha govt signs MoUs in Singapore to boost clean energy research

Bhubaneswar, Oct 30 : The Odisha Energy Department has signed four Memoranda of Understanding (MoUs) in Singapore to strengthen international research collaboration in renewable energy and emerging clean energy technologies, according to an official statement issued on Friday. The agreements were signed at the Asia Clean Energy Summit (ACES), held as part of Singapore International Energy Week (SIEW) 2026 from 27 to 29 October 2026. The agreements, with leading global technology and energy companies and Nanyang Technological University (NTU), Singapore, as the knowledge partner, will advance research in digitalisation, artificial intelligence, battery energy storage, smart grids and green hydrogen. Lauding the Energy Department's initiative, Odisha Deputy Chief Minister Kanak Vardhan Singh Deo emphasised the importance of international partnerships in accelerating the state's clean energy transition. "Odisha is committed to building a future-ready and sustainable energy sector through innovation, research and global collaboration. These MoUs will strengthen our partnerships with leading international institutions and technology companies, enabling us to explore advanced solutions in energy storage, artificial intelligence, smart grids and green hydrogen," said Singh Deo. The deputy CM also noted that such collaborations will support our renewable energy ambitions, enhance energy security and contribute to Odisha's emergence as a key destination for clean energy investment and innovation. The latest agreements build upon the research collaboration initiated in January 2023, when the Energy Department entered into an MoU with NTU, Singapore, and IIT Bhubaneswar to advance research in renewable energy technologies.

Govt issues clarification on 'strategic restructuring' process of IDBI Bank

New Delhi, Oct 30 : The government on Friday issued a clarification on the process of 'strategic restructuring' of IDBI Bank, saying the government of India and the LIC retain residual shareholdings to get further benefit from the "upside that is expected from the value enhancement following strategic restructuring of the IDBI Bank going forward in future".

Finance Minister Nirmala Sitharaman had earlier described the IDBI Bank deal as a "strategic restructuring" rather than a strategic disinvestment -- highlighting that both the government and LIC will remain shareholders in the lender after the transaction is completed. The Finance Ministry said in a fresh statement that the first or initial bid round was conducted in the financial year 2025-26 by DIPAM as per its internal practices, which are in the nature of indicative guidelines and not hidebound rules or regulations. "The foreword itself states that the procedure suggested is not to be construed as a rigid, legal framework, which may require due adaptation/ modification in the best interest of successful execution of the transaction in a time bound manner.

Nvidia backs Indian AI startup Simplismart in $14 million funding round

New Delhi, Oct 30 : AI chip giant Nvidia has invested in Bengaluru-based startup Simplismart as part of a $14 million Series B funding round, betting on software that helps enterprises run artificial intelligence models more efficiently and reduce infrastructure costs, a report has said.

The funding round was led by Dallas Venture Capital and also saw participation from Accel, Shastra VC and Micromax. The investment values the four-year-old startup at around $100 million, including the fresh capital, according to the TechCrunch report.

Founded in 2022 by former Oracle engineer Amritanshu Jain and former Google engineer Devansh Ghatak, Simplismart develops software designed to improve the deployment and operation of AI models.

The platform helps enterprises optimise performance, response times and computing costs without requiring significant additional hardware investments.

The investment comes at a time when organisations worldwide are increasing spending on graphics processing units (GPUs) to power AI applications, while also seeking ways to improve efficiency and lower operating costs.

Simplismart's software sits between AI models and the underlying computing infrastructure, automatically adjusting deployment settings based on customer requirements.

The company says its technology can optimise how quickly models respond, how many requests they can process and the amount of computing power they consume, helping businesses maximise utilisation of existing GPU resources.

According to Amritanshu Jain, companies are not necessarily looking for the fastest or cheapest AI inference solutions but rather systems that deliver the right balance of speed.

Mumbai, Oct 30 : InterGlobe Aviation Limited, the parent of India's largest airline IndiGo, on Friday reported a narrower net loss for the quarter ended September 2026 (Q2 FY27), aided by strong revenue growth and a sharp improvement in operating performance despite elevated fuel costs and geopolitical uncertainties. TN sets new record in solar power generation as output touches 60.4 million units

Chennai, Oct 30 : Tamil Nadu has achieved a new milestone in renewable energy, recording its highest-ever single-day solar power generation as prolonged summer conditions and uninterrupted sunshine boosted electricity production across the state.

On Friday, the state's solar power plants generated 60.4 million units (MUs) of electricity, surpassing the previous record of 58.6 million units registered on April 18. The achievement underscores Tamil Nadu's growing leadership in renewable energy and reflects the rapid expansion of its solar power infrastructure.

According to data from the Tamil Nadu Transmission Corporation Limited (Tantransco), the state recorded a total electricity consumption of 429.057 million units on the same day. Energy officials said the sharp increase in solar generation played a crucial role in meeting the state's power demand, particularly during daytime peak hours, while significantly reducing dependence on thermal power stations.

Suzlon Energy's Q2 profit drops 69 pc to Rs 394 crore

Mumbai, Oct 30: Suzlon Energy on Friday reported a 69 per cent year-on-year (YoY) decline in its consolidated net profit to Rs 394 crore for the second quarter of FY27, compared to Rs 1,279 crore in the corresponding quarter last financial year (Q2 FY26). Revenue from operations rose 26 per cent to Rs 4,875 crore during the July-September quarter from Rs 3,871 crore a year earlier, driven by higher project execution and commissioning activities.

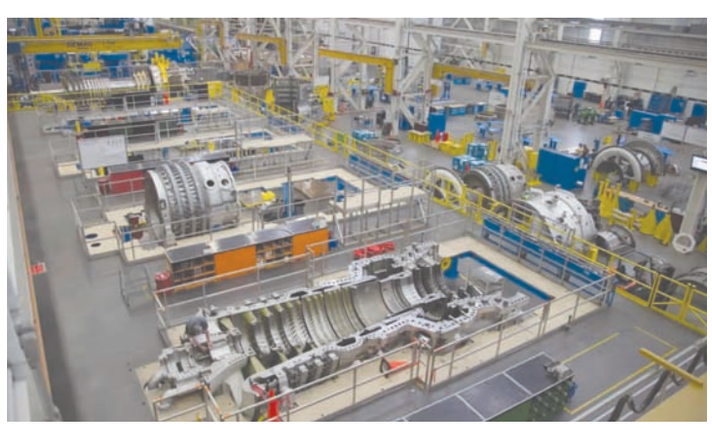

Resilient manufacturing sector cushions ease in economic momentum: Report

New Delhi, Oct 30 : The manufacturing sector has helped curb a broader slowdown in economic momentum even as indicators weakened in April-May, a report said on Friday. Manufacturing makes up nearly 20 per cent of GDP and has been remarkably resilient, led by exports and inventory build-up, the report from HSBC Global Investment Research said.

This is because energy-market uncertainty prompted precautionary inventory build-up – a trend most visible in consumer goods. Meanwhile, lower US tariffs created a window to accelerate non-oil exports ahead of potential Section 301 tariffs.

However, the report said its database of 100 growth indicators points to weakening momentum in April-May, along with chances of very strong El Niño and weak monsoon pose risks to agriculture and rural demand.

NSE flags broker violations in margin trading, client fund handling

Mumbai, Oct 30 : The National Stock Exchange (NSE) has flagged multiple compliance lapses by brokers and authorised persons (APs), including failures in margin collection for margin trading facilities (MTF), misuse of client accounts, deficiencies in fund settlements and weak cybersecurity controls, based on inspections conducted between October 2025 and March 2026.

Among the key concerns identified by the exchange were instances where brokers extended margin trading facilities against ineligible securities, including stocks that did not fall under the eligible Group I category.

The NSE also found cases where adequate margins were not collected from clients despite regulatory requirements mandating brokers to obtain margins in the form of cash, cash equivalents or eligible securities after applying prescribed haircuts. The observations come at a time when the MTF segment has witnessed rapid expansion. According to data compiled by Care Edge Ratings from NSE and BSE, the MTF book size increased from approximately Rs 96,000 crore in August 2025 to Rs 1.48 lakh crore in August 2026.

Drink water at Kalindi Kunj ghat: AAP leader dares BJP MP after latter takes dip in Yamuna

New Delhi, Oct 30 :BJP MP Manoj Tiwari's dip into the Yamuna River on Friday escalated into a political row as the AAP's Saurabh Bhardwaj dubbed the move an eyewash and dared the parliamentarian to drink water at Kalindi Kunj, the river stretch that remains infamously polluted throughout the year.

The political tussle comes days ahead of Chhath Puja, even as the Rekha Gupta-led BJP government carries out a large-scale cleanliness drive to clean the river, a pledge that was a key plank of the BJP in the run-up to Assembly elections.

Saurabh Bhardwaj accused the BJP of misleading the public by engaging in theatrics, rather than undertaking a dedicated initiative to clean the river.

He also hurled a direct challenge to the BJP MP as well as Delhi minister Parvesh Singh Verma to drink water from the Yamuna to prove their claims of a "cleaned Yamuna". He claimed that the BJP leaders had backed down when presented with a similar challenge last year, and that the same would happen this time as well. Earlier in the day, BJP MP Manoj Tiwari took a dip in the Yamuna, claiming that the pollution load of the river had reduced by half in the past year. He also asserted that people can now celebrate Chhath puja in the Yamuna once again. Tiwari said he had tasted Yamuna water at Sonia Vihar and praised the city government for its efforts to clean the river. "AAP used to blame Haryana for polluting the river. But since the BJP came to power, it has cleaned half of the river in one-and-a-half years," Tiwari stated. Responding to this, Saurabh Bhardwaj dubbed them as "frauds" and said on X.

New Delhi, Oct 30 : India and Tanzania held the inaugural Army-to-Army Staff Talks in New Delhi from October 27-29, with discussions held on strengthening defence cooperation through military education, training exchanges and capacity building.

During its stay to India, the Tanzanian delegation also visited the 505 Army Base Workshop, DPSU Bhawan and paid tribute to the fallen heroes at the National War Memorial.

"The inaugural India-Tanzania Army-to-Army Staff Talks, held in New Delhi from 27 to 29 October 2026, focused on strengthening bilateral defence cooperation through military education, training exchanges and capacity building. The Tanzanian delegation visited 505 Army Base Workshop and DPSU Bhawan, gaining insights into India's military maintenance capabilities and indigenous defence manufacturing," the Indian Army's Additional Directorate General of Public Information (ADGPI) posted on X. Earlier this year, India and Tanzania held the fourth edition of the Joint Defence Cooperation Committee (JDCC) meeting in Zanzibar, discussing cooperation in military training, maritime security, and defence industry collaboration.

Dengue situation in Bengal is serious but not alarming : CM Adhikari

Kolkata, Oct 30 : West Bengal Chief Minister Suvendu Adhikari on Friday gave a message to the people of the state, requesting them not to panic about the dengue situation amid continued heavy downpour, and also said that the situation, though serious, is not highly alarming.

The Chief Minister chaired a high-level meeting on Tuesday involving ministers and bureaucrats of different state government departments and the administrators of 21 urban civic bodies in the state, to work out a strategy involving multiple government departments to combat the dengue situation in the state.

Speaking to the media persons at the end of the meeting, he said that the number of dengue-affected people in West Bengal during the current and ongoing monsoons, though high, is much less compared to what the figure was during the monsoons during the previous year.

According to him, while the figure of the total-dengue affected people till the end of August 2025 was 7,600, the figure in the same period in 2025 is around 4,000. "However, we are not taking any chances.

MLC poll result calls for self-introspection : Maha Dy CM Pawar

Pune, Oct 30 : NCP president and Deputy Chief Minister Sunetra Pawar on Friday admitted that the Maharashtra Legislative Council election results call for self-introspection.

She was reacting after the NCP nominee Satish Chavan lost to the NCP SP candidate Pratapsinh Patil in the Chhatrapati Sambhajinagar Graduates' seat.

MahaYuti alliance won Pune and Amravati Teacher's seats while the Maha Vikas Aghadi bagged three seats including Pune, Nagpur and Chhatrapati Sambhajinagar Graduates' Constituencies.

Her reaction comes after the party working president Praful Patel, in his post on X, said, "Today's Vidhan Parishad election results serve as a definitive wake-up call. The time has come for urgent introspection to rebuild trust, realign our priorities, and fix our organisational structure." The Maharashtra NCP chief Sunil Tatkare said, " We will sit together and analyse the outcome."

Community-centric micro hospitals can help fight India's NCD crises, say experts

New Delhi, Oct 30 : Micro hospitals, which replace fragmented tertiary models with specialist-led coordinated care and reduced wait times, can play a crucial role in the country's fight against the rising epidemic of non-communicable diseases (NCDs), said experts on Friday.

NCDs, which include diabetes, hypertension, cancer, and obesity, affect over million in India and are behind 63 per cent of all deaths, as per the WHO data. The rising burden of NCDs is also affecting the healthcare system.

Hospital bed density lags at just 0.55 per 1,000 population -- far below the WHO's 3 per 1,000 benchmarks -- leading to overcrowded facilities, long wait times, and variability in care quality.

"India has the doctors and the technology, but what we truly lack is continuous.

Pradeep Purnekar murder case: Aaditya Thackeray accuses Eknath Shinde of protecting 'conspirators'

Mumbai, Oct 30 : Shiv Sena (UBT) MLA Aaditya Thackeray on Friday alleged that Deputy Chief Minister Eknath Shinde is desperate to safeguard former Thane Mayor Meenakshi Shinde from the Shiv Sena (UBT) leader Pradeep Purnekar murder case. The Sena (UBT) leaders alleged that the police have merely arrested the contract killers and that until Meenakshi and Rajendra Shinde are arrested, the true conspiracy will never come out. "We demand that the main accused and conspirator should be arrested at the earliest. We have no idea why she is being protected…when we met the police commissioner, we sensed that the policemen are convinced about who the main accused is," said Thackeray, addressing a press conference in Thane.

Thackeray, along with Purnekar's son Ram, Rajya Sabha MP Sanjay Raut and Shiv Sena (UBT) leaders from Thane, held a press conference after holding a meeting with the Thane police commissioner. Earlier, Thackeray visited the house of Purnekar to meet the wife of the dead leader.

Thackeray said that despite giving the evidence of CCTV footage, arrests have not been made. "What and why are you waiting for?" Thackeray asked. "This is a political murder of which CCTV footage is available. Why are the main conspirator and masterminds not being arrested? Why is Eknath Shinde so desperate to safeguard the accused and conspirator?" he asked.

Thackeray criticised deputy CM and Thane's guardian minister Eknath Shinde for detaining Ram Purnekar, who had gone to meet the latter demanding action in his father's murder.

"We had come to Thane only to meet the Purnekar family and the police commissioner. But the local MP used abusive language and made a childish attempt to threaten us.

Instead of facing us, they (Shinde-led Sena leaders) protested somewhere else and did not face us," said Thackeray.

He also slammed Chief Minister and Home Minister Devendra Fadnavis for failing to deliver justice to the Purnekar family.

"The Home Minister is busy breaking parties, cutting trees and selling Sahyadri mountain ranges instead of stopping all these things," he said.

Targeting CM Fadnavis, Shiv Sena UBT MP Sanjay Raut said that Maharashtra never had such a weak home minister. "I want to tell those who challenged us to come to Thane that we not only came here, but we are ready to wait till we face you.

Don't boast because you are in power. It is not permanent. Meenakshi and Rajendra Shinde are the main accused in this case, and people are coming out of the streets to safeguard killers," he said, adding that police will have to arrest both of them.sj/dan

CM Yogi releases book on 1975 Emergency; recalls assault on democratic rights

Lucknow, Oct 30 : Chief Minister Yogi Adityanath on Friday released the book 'Bharat Aantrik Emergency 1975', authored by former minister and BJP leader Shatrudra Prakash, at his official residence. The author presented a copy of the book to the Chief Minister. BJP leaders Ramesh Mishra and CP Singh were also present on the occasion. The book chronicles the period of the Emergency imposed from June 25, 1975, to March 23, 1977, describing it as one of the most challenging phases for Indian democracy.

It details the severe restrictions placed on democratic rights, the mass arrests of opposition leaders and social activists, press censorship, and the curtailment of civil liberties under the then Prime Minister Indira Gandhi.

The volume covers the movement led by 'Loknayak Jayaprakash Narayan' and documents issues such as forced sterilisations, the demolition of settlements of the poor, and the pressures faced by constitutional institutions.

Special emphasis has been laid on the struggles of activists who continued their resistance despite the widespread crackdown.

The book also traces Shatrudra Prakash's own political journey and his role during the Emergency. After engaging in student politics at Banaras Hindu University between 1968 and 1973, he worked for basic amenities for the poor in Banaras and was elected as one of the youngest members of the Uttar Pradesh Legislative Assembly in 1974.

It records the arrest of his wife, Anjana Prakash, during the Emergency and the underground activities of activists who sustained the resistance.

A significant section is devoted to the cyclostyled bulletin 'Ranbheri', through which anti-emergency views and messages on democratic rights were disseminated despite censorship.

Meghalaya govt stable, NPP has numbers to complete full term: Dy CM Tynsong

Shillong, Oct 30 : Meghalaya Deputy Chief Minister and the ruling National People's Party (NPP) State President Prestone Tynsong on Friday dismissed speculation that the Meghalaya Democratic Alliance (MDA) government could face instability following reports that nine United Democratic Party (UDP) MLAs may join the Bharatiya Janata Party (BJP), asserting that the NPP has sufficient numbers to sustain the government on its own.

Tynsong said the reports about the alleged move by UDP legislators had surfaced only through media reports and had not been raised as an issue within the MDA alliance. "I have seen it only in newspapers. We have regular MDA meetings and whenever there are issues related to constituencies, we are open to discussing them," Tynsong said.

He added that alliance partners regularly communicate with the leadership, including himself, Chief Minister Conrad K. Sangma and Deputy Chief Minister Sniawbhalang Dhar, whenever concerns arise.

"All partners speak to me, to the Chief Minister or to Sniawbhalang Dhar and we resolve it. I do not see any problem," he said.

Tynsong suggested that the speculation surrounding the UDP could be linked to internal differences within the party rather than any development that could threaten the MDA government.

"It could be due to internal issues, internal fighting within the UDP," he said. Responding to questions on whether a possible movement of UDP MLAs towards the BJP could impact the NPP-led government, Tynsong said the ruling party's numbers were strong enough to ensure stability. "Our strength alone is 33. We need 30-31 to form the government, so we have already crossed that mark," he added.

The NPP leader also made it clear that his party would not interfere in the internal affairs of the UDP or other political parties.

"We have nothing to say or comment on this as it is their internal and personal understanding," Tynsong said.

Intercommunal violence in southern Ethiopia displaces thousands: UN

United Nations, Oct 30 : UN humanitarians have voiced deep concern about the intercommunal violence in the Ethiopian town of Moyale on the border with Kenya that has displaced thousands of people. Casualties have been reported, along with disruptions to transport, markets and cross-border trade, limiting access to essential goods and services, said the UN Office for the Coordination of Humanitarian Affairs (OCHA) on Wednesday (local time).

On the Ethiopian side, the violence that erupted on October 18 has reportedly displaced thousands of people in Oromia and Somali regions. This is in addition to the thousands of people who have reportedly crossed into Kenya, reports Xinhua news agency, quoting OCHA.

Local authorities in Kenya estimate that up to 50,000 people have crossed into the country since Thursday, amid reports of further crossings, it said.

Many of those fleeing are women and children. While some are staying with relatives and host communities, others have sought shelter in temporary locations, such as schools and churches. Food remains the most urgent need, alongside safe drinking water, emergency shelter, sanitation and health care, said the office.

"Continued insecurity has forced several partners to suspend activities," OCHA said. "The UN and its partners are preparing a joint assessment mission to areas affected by the violence as soon as security conditions permit."

It is critical to ensure the safety of the population, as well as safe, sustained and unimpeded humanitarian access to all people in need, said the office. The UN Refugee Agency (UNHCR) has deployed an emergency team to Moyale and is working closely with the Kenyan government, UN agencies, the Kenya Red Cross Society and other humanitarian partners to support the national and local response, said OCHA. The Kenya Red Cross Society is operating six health service points, screening for malnutrition and distributing relief items. Local communities have shared food and water, though their stocks are limited, said OCHA.

India dismisses UN rapporteur's report on Waqf law as false, displaying 'hostility'

United Nations, Oct 30 : India has dismissed a report by the expert on minority issues as "factually incorrect" and displaying "hostility" to the country. Gaurav Kumar Thakur, a counsellor at India's UN Mission in Geneva, said India rejects the assertions of Nicolas Levrat, the special rapporteur on minority issues, about the Waqf Amendment Act 2025.

His assertions are "factually incorrect and based on a poor grasp of its background and history", Thakur said on Friday at a session of the Human Rights Council on Friday in Geneva.

"The tone and content of his comments reflect a clear perceived hostility towards India", Thakur added.

The Council's special rapporteurs are so-called independent experts who report on issues assigned to them in their personal capacities, even though they carry the appearance of having the Council's imprimatur and don't necessarily reflect its view.

"The tone and content" of comments by Levrat, a University of Geneva professor of European and International Law, "reflect a clear perceived hostility towards India", Thakur said.

Australian govt strikes deal to continue subsidising only domestic oil refineries

Canberra, Oct 30 : The Australian government has struck a deal to continue subsidising the country's two remaining oil refineries, Energy Minister Chris Bowen announced on Friday.

Bowen said that the payment cap will remain at 1.8 cents per liter under the amendment, but the trigger mechanism will be adjusted to make payments kick in at a lower price threshold.

Tibetans in Japan hold protest against China's Ethnic Unity and Progress Promotion Law

Tokyo, Oct 30 : Tibetans living in Japan held a protest outside the Chinese Embassy in Tokyo, slamming Beijing's latest Ethnic Unity and Progress Promotion Law while calling for unity to protect the Tibetan language and culture.

"If our culture and language disappear, it means the Tibetan nation disappears. That must never happen. China invaded Tibet and is trying to erase the Tibetan nation completely from the world. But we Tibetans will never give up," the report quoted Kalden Obara as saying.

China's Ethnic Unity and Progress Promotion Law, that came into effect on July 1, enforces penalties for acts deemed to threaten the "unity of the Chinese nation" and calls for the comprehensive promotion of Standard Chinese (Mandarin). Critics have said that the new law will further intensify assimilation policies in regions such as the Tibet Autonomous Region, as per the report.

During the protest, the participants offered prayers in the memory of Tibetan activist who died after setting himself on fire in the US while protesting against the law. The activist who set himself on fire was identified as Lobga Rangzen (42), who reportedly fled to the US as a refugee about 20 years ago.

4th T20: Duffy shines as New Zealand defeats India

Auckland, Oct 30 : New Zealand gave India a taste of their own medicine as Glenn Phillips' century and Jacob Duffy's four-wicket haul powered New Zealand to a huge 87-run win over India in the fourth T20I at Eden Park here on Friday. Phillips smashed 107 from 49 balls, while Michael Bracewell hit 65 from 25 deliveries to take Kiwis to a record 259/7, before the bowlers replied well to restrict India to 172/9 in the chase. This is now the first win for New Zealand in the ongoing T20I series, with India having already taken an unassailable lead of 3-0 as the series now stands 3-1. The New Zealand batters meted out a punishing treatment to the Indian bowlers. Phillips and Bracewell put up a 115-run stand from 40 balls for the fifth wicket to power the Kiwis to their highest T20I total and the highest against India in the format.

Duffy was the star with the ball for New Zealand in what was a rare blip from the Indian batters. With a task so steep, it was always going to be extremely hard, and the visitors gave it a go but could not find the boundaries at will.

Duffy removed opener Sanju Samson (4) and No.3 returnee Ishan Kishan (0) in the first over to rock the Indian batting.

Delhi HC directs WFI to decide Vinesh Phogat's show-cause notices within two weeks

New Delhi, Oct 30 : The Delhi High Court has directed the Wrestling Federation of India (WFI) to take a decision, within two weeks, on the show-cause notices issued to wrestler Vinesh Phogat, observing that the uncertainty surrounding the disciplinary proceedings could affect the three-time Olympian's preparations and performance in upcoming competitions. A single-judge Bench of Justice Amit Mahajan, while hearing Phogat's plea challenging the show-cause notices issued on May 9 and June 17, observed that a sportsperson needed to be in a fit and relaxed state of mind to participate in competitive events and directed the WFI to conclude the proceedings within the stipulated period.

"The predicament expressed by the petitioner appears to be genuine. A sportsperson has to be in a fit and relaxed state of mind to participate in any competitive event of such nature as indicated so that their performance is not compromised in any way," Justice Mahajan said. The High Court further directed that if the WFI takes a decision on the show-cause notices after two weeks, the same will be kept in abeyance till the next date of hearing. During the proceedings, senior advocate Rajshekhar Rao, appearing for Phogat, submitted that the wrestler intended to participate in a national tournament scheduled to be held sometime in the middle of December and needed adequate time to prepare for the competition. He argued that the two show-cause notices had been kept pending like a "hanging sword" over the wrestler, creating uncertainty over the disciplinary action that could potentially affect her participation in future tournaments.

'Trying to forget it, confronting new opportunity': Fisher after Wellington bashing

Auckland, Oct 30 : New Zealand fast bowler Matthew Fisher opened up on the team's atmosphere after the heavy defeat in the third T20I to India and how the team approaches the fourth clash at the Eden Park here on Friday. The Indian batters were in butcher mode as they hunted down 199 in Wellington in just 13.2 overs. Abhishek Sharma slammed 113 from 38 balls to make a mockery of the target. Speaking ahead of the fourth match, the speedster stated that the team interacted about the bashing and also spoke to bowling coach Jacob Oram, but the conclusion turned out to be just forgetting the game and looking forward ahead. "Well, obviously being one of the younger guys, the older fellas kind of met together and kind of fell through to me to just forget it and sometimes, batters can get on heaters, especially in T20 cricket. We went back and talked with Jake (Jacob Oram, bowling coach) about some plans and what we can do to combat that if they keep going again.

"But yeah, I think it's just trying to forget it as quickly as possible and just confronting the new opportunity this game brings," Fisher said ahead of the fourth match in Auckland. Fisher had joined the squad as a bowling cover and was originally named to play the third match only and was later drafted.

CAF confirms AFCON return to two-year cycle

"The Confederation Africaine de Football (CAF) Executive Committee unanimously decided that the CAF Africa Cup of Nations ("AFCON") will return to taking place every two years," CAF said in a statement. CAF president Patrice Motsepe announced at the CAF Strategy Conference in Cabo Verde, held from October 7 to 9, that the CAF executive committee would reassess and reconsider last year's decision to hold the AFCON every four years. "The decision by the CAF EXCO that the CAF AFCON should take place every two years was based on advancing, protecting and promoting the interest of African Football and CAF's 54 member associations, as well as the interest of African players employed by football clubs outside Africa," Motsepe said.
